

An illustration of a person with dark, wavy hair and a beard, wearing large headphones and a dark hoodie, sitting at a desk and working on a laptop. The room is dimly lit with a purple and blue color scheme. In the background, there is a bulletin board with various papers, including one labeled 'UI-UX', and several potted plants. A large monitor on the left shows code or data. The overall atmosphere is focused and creative.

Ayomide Olatunde Aderagbemi: Digital Solutions Architect

Welcome to the comprehensive profile of **Ayomide Olatunde Aderagbemi**, a multifaceted professional at the forefront of digital innovation. This document showcases a unique blend of expertise spanning web development, and UI/UX Design. Discover how a strategic approach to digital solutions can elevate your business.

Professional Introduction

Website Development

Expert in WordPress, Shopify, and custom frontend coding.

UI/UX Design

Crafting intuitive and engaging user experiences.

My name is **Ayomide Olatunde Aderagbemi**, a highly skilled **Website Developer, UI/UX Designer, Digital Marketer, and Technical Educator** with over **5 years of hands-on experience** building digital solutions for businesses across tech, logistics, fashion, education, wellness, and e-commerce. I specialize in **WordPress development, Shopify e-commerce, UI/UX design, custom frontend coding, system planning, and digital marketing strategy**.

I help businesses grow by creating clean, user-focused websites and solving technical challenges with a professional, structured approach. My journey has allowed me to work directly with business owners, fix complex problems, build custom systems, and create training programs that empower others.

Professional Summary

A multi-skilled digital professional with solid experience in **WordPress, Shopify, UI/UX, coding, marketing strategy, and tech training**. I have worked with companies across different industries, helping them build modern websites, fix complicated development issues, and design structured digital systems.

I'm known for problem-solving, clean communication, and the ability to jump into any stage of a project — from planning to execution or even rescuing an existing website. My work has helped businesses improve their online presence, increase efficiency, and build strong brand identities.

"Turning complex challenges into streamlined digital solutions, every single time."

Skills

Web Development

- WordPress (Elementor, custom themes, plugins)
- Shopify (Liquid templates, store customization)
- HTML, CSS, JavaScript
- API integrations & debugging
- UI/UX design & prototyping (Figma)
- Web performance optimization

Work Experience (Selected Projects)

Explore a curated selection of projects demonstrating practical application of skills in web development, UI/UX design, and complex system integrations. Each project highlights a unique challenge and the innovative solutions implemented.

1. PerkPanther — UI/UX + WordPress Development

The Challenge

Convert complex Figma designs into a fully functional, responsive WordPress site.

My Role

Lead UI/UX design and full WordPress development, ensuring fidelity to design.

Outcome

A dynamic, user-friendly website with enhanced responsiveness and custom features.

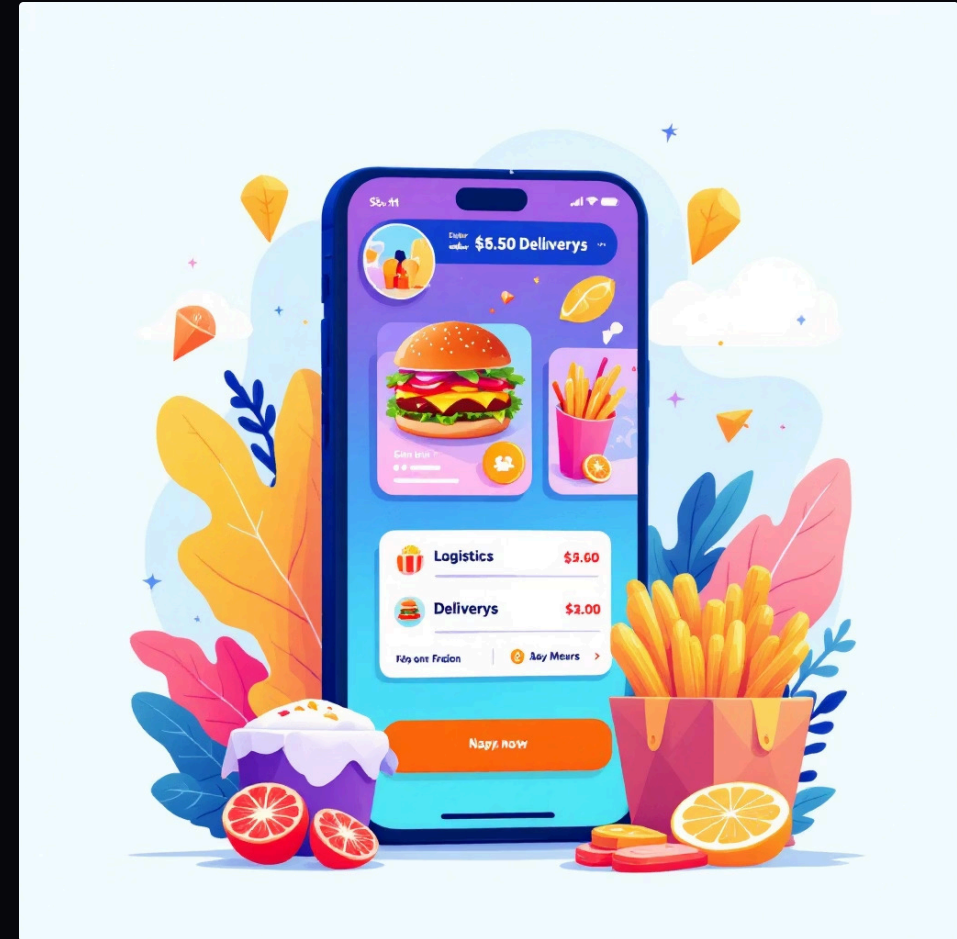

Designed a complete UI/UX system and developed the website using WordPress. Overcame layout and responsiveness issues using custom code. Enhanced my ability to convert Figma designs into dynamic WordPress builds.

2. ALS Food — WordPress + Logistics Integration

Project Overview

Developed a food-ordering website and connected it to a logistics platform using frontend code. This project required intricate API integrations and robust debugging.

- **Key Contribution:** Seamless integration between ordering and delivery systems.
- **Technical Focus:** Advanced API handling and frontend development for complex data flows.
- **Result:** Improved order processing efficiency and reliable delivery coordination.

Solved API challenges and improved debugging techniques, creating a reliable and scalable solution for food delivery services. This project significantly boosted the client's operational capabilities.

3. Zees Minis — Shopify E-commerce Development

1

Custom Storefront

Developed a unique Shopify e-commerce site with bespoke Liquid template modifications.

2

Performance Focus

Implemented optimizations for fast loading speeds and smooth user navigation.

3

Enhanced Experience

Delivered a premium, responsive online shopping journey for customers.

Built a Shopify e-commerce store with custom coding, Liquid modifications, and performance optimization. Delivered a premium online shopping experience by focusing on conversion-driven design and seamless functionality.
